INVITATION FOR SPONSORSHIP

Dear delegates and industrial representatives,

It's a great honor to invite you to participate as a sponsor and exhibitor to the 37th International Conference on High Energy Physics that will take place in Valencia, Spain, from 2nd to 9th July 2014.

Valencia, the third largest city in Spain, located on the East, is a place of contrasts between historic and modern Spain. Valencia's architecture dates from the first century B.C. as a Roman settlement, and goes to the most futuristic, 21st century design as the City of Arts and Sciences. Valencia mixes tradition and modernity, offering culture, museums, art, architecture, entertainment, gastronomy and, on average, enjoys over 300 days of Mediterranean light every year.

The Conference program has been carefully designed to cover all recent results and most hot topic concerning particle and astroparticle physics. The workshop will consist of parallel and invited plenary sessions. A poster session is also foreseen to take place with emphasis on the work and results of young PhD students. In addition two special sessions complete the scientific program of this edition, one dedicated to commemorate the 60th anniversary of CERN, and a second one to recap the opportunities of industry in present and future particle physics projects. The conference also provides the place and forum to plan major future facilities of the field.

The industrial session will include presentations from various industries reporting on their experience, future projects and research in the field of accelerator physics. A major effort will be devoted to count on the presence of high Spanish political authorities from the General State and Local Administrations, as well as relevant representatives of main facilities of the field. A new updated brochure of the industrial Spanish capabilities in the field of particle physics will be provided at the conference. Several *matchmaking* meetings between companies and experts of the field will be organized to discuss the facilities' future needs.

ICHEP 2014 will be one of Particle Physics 2014 highlights, and we look forward to welcoming you in Valencia to participate in this singular event.

Juan Fuster
Chair of the 37th International Conference on High Energy Physics.

Miguel Ángel Carrera
President of the Spanish Science Industry Association, INEUSTAR
President of the Spanish Science Industry Technology Platform, INDUCIENCIA

Why should you sponsor?

A tailored sponsorship package of the Congress is a cost-effective opportunity to reach a large number of delegates within your target market.

- Your organization's presence at the congress is an opportunity to leverage several days of unparalleled access to a wide potential client base, to inform them about your products and services and build long-term relationships.
- Sponsorship is a proven strategy for marketing your brand: it combines the reach of magazine advertising with the power of direct mail and persuasion of face-to-face meeting.
- Congress participants are keen to improve their scientific knowledge. Aligning your company with this powerful educational experience demonstrates your commitment to assisting their development at a deeply personal level.
- Your Company will benefit significantly from exposure to an interested, relevant and influential audience in an informal yet informative environment away from the competition of everyday distractions.
- The Congress will assist you in achieving strategic goals by providing you with direct exposure to your target market.
- Be informed and identify the marketing strategies being implemented by your competition.
- As a Congress Sponsor you will be given priority location within the Congress Exhibition. Gold Sponsors will receive first choice, followed by Silver.

Key benefits to early commitment

Aligning your company early will ensure:

- Maximum exposure for your brand and increased opportunities to access not only the registered delegates but anyone receiving Congress printed or electronic marketing information.
- First choice of sponsorship opportunities to ensure alignment with your marketing aims.

Exhibition Information

Allocation of the exhibition space:

Decisions regarding admission of exhibitors and exhibits as well as the allocation of space and the location of booths are at the sole discretion of the Congress Organizer. However, the Congress Organizer will try to ensure that all exhibitor's expectations and wishes are satisfied.

The allocation of the stands/space will be made on a "first come - first served" basis.

Payment Terms:

- 50% of the total amount as a confirmation of the reservation.
- 50% remaining will be paid before March 17th 2014.

If the exhibiting company does not observe these terms, the Organizers may cancel the reserved space and rent it to another exhibiting company without being obliged to reimburse the deposit paid.

Cancellation Policy:

• From the organizers:

The Organizers may modify or cancel the exhibition if unforeseen circumstances happen. In the event of a cancellation, the Organizers will reimburse the exhibiting company.

• From the exhibiting company:

In the event that the exhibiting company cancels its participation in the Congress, the exhibiting company must notify the Organizers in writing.

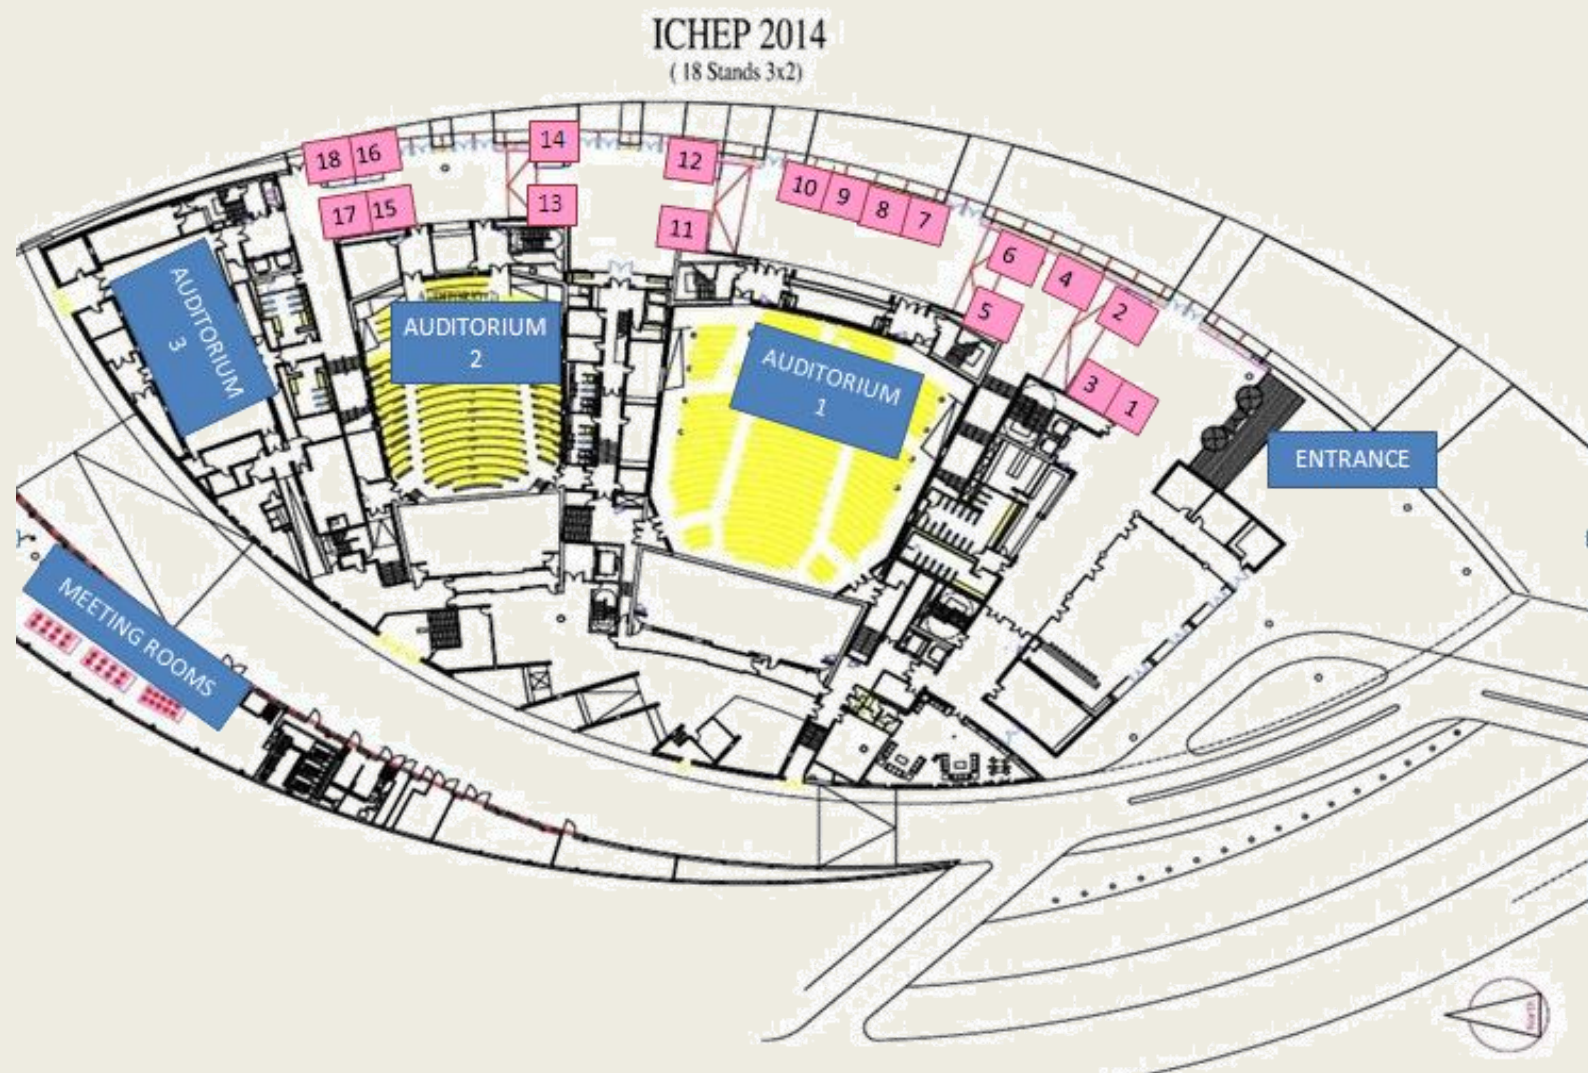

• Reimbursement for cancellations:

Before May 17th 2014 - 50% of the total amount
